

## Listening is believing

Spectacular explosions and high-speed car crashes will never sound as gloriously punchy, life-like and rich in detail as they will from our Custom Theatre subwoofers. Powered by a separate CDA-2HD amplifier, the CT SW12 slots neatly into a home theatre cabinetry and uses a uniquely rigid mushroom diaphragm construction to deliver unparalleled bass effects. With its powerful 12 inch paper/Aramid Fibre drive unit, the CT SW12 delivers the maximum explosive punch for your money.

## Technical Specifications

|   |  |                  |
