

CDS™6

Dipole wallmount speaker

Product Summary

- The CDS 6 is a specialist THX®-certified dipole surround speaker is ideal for creating the diffuse sound needed for THX® systems.
- The speaker incorporates two 3-inch midrange/high frequency drivers and one 5-inch Kevlar® cone for low frequencies.

Technical highlights

Kevlar®: B&W developed and patented the method of using Kevlar® for loudspeaker cones to reduce unwanted standing waves. DuPont originally created Kevlar® for use in bulletproof vests.

Drive units	1 x 125mm Kevlar® mid/bass 2 x 80mm high-frequency	Dimensions	Frame size: Height: 285mm Width: 373mm
Frequency response	85Hz – 8kHz ± 3dB power averaged over front hemisphere		Cut-out size Without pre mount frame: Height: 245mm Width:330mm
Sensitivity	89dB spl (2.83V, 1m)		Cut-out size With pre mount frame: Height: 257mm Width:346mm
Nominal impedance	8		Min depth required: 61mm from wall surface
Power handling	30W - 100W continuous on unclipped programme	Finishes	Semi-matt white suitable for customising or pre-painting
		Pre Mount Frame	PMK8 (optional)
