The floorstanding speaker in the new 600 Series from Bowers & Wilkins brings pristine sound to your home. The flagship 603 speaker features our award-winning Continuum cone technology, which creates a pure and precise soundscape. Developed over an eight-year period and first featured on our flagship 800 Series Diamond models, the Continuum cone has been integrated into the sixth generation of the critically acclaimed 603 to transform the performance you expect from an entry-level speaker. The 603 features the proven Decoupled Double Dome tweeter, with a re-engineered assembly for better performance. Our improved paper bass cones combine effortless power and endless low-end with the precision and low-distortion accuracy you’d expect from Bowers & Wilkins. But the new 603 speaker isn’t just about cleaner sound – it boasts a cleaner look, too. We removed grille pegs and replaced them with magnets, while moving the port to the rear cabinet, creating a modern and premium aesthetic, wrapped with a matte finish. Fill your home with beautiful Bowers & Wilkins sound.
Technical features
Decoupled Double Dome aluminium tweeter
Continuum cone FST™ midrange
Paper / Kevlar bass cones
Flowport™

Description
3-way vented-box system

Drive units
1x ø25mm (1 in) aluminium dome high-frequency
1x ø150mm (6 in) Continuum cone FST midrange
2x ø165mm (6.5 in) Paper / Kevlar profile bass

Frequency Range
-6dB at 29Hz and 33kHz

Frequency Response
48Hz - 28kHz ±3dB

Sensitivity
88.5dB spl (2.83V, 1m)

Harmonic Distortion
2nd and 3rd harmonics (90dB, 1m)
<1% 90Hz - 22kHz
<0.5% 120Hz - 20kHz

Nominal impedance
8Ω (minimum 3.0Ω)

Recommended amplifier power
30W - 200W into 8Ω on unclipped programme

Dimensions
Height:
985mm (38.8 in) cabinet only
1055mm (41.5 in) with plinth
Width:
190mm (7.5 in) cabinet only
320mm (12.6 in) with plinth
Depth:
340mm (13.4 in)
370mm (14.6 in) with plinth

Net Weight
24.1kg (53.1 lb)

Boxed Weight
31.7kg (69.9 lb - single)
